Docket No. CP2009-42

**MOTION OF THE UNITED STATES POSTAL SERVICE
FOR TEMPORARY RELIEF**
(September 24, 2012)

In Order No. 1407, issued July 20, 2012, the Commission granted the Postal Service's request for a temporary extension of the contract in the instant docket, until September 25, 2012. The Postal Service and the customer have been working diligently to reach a new agreement over the past two months, to avoid any interruption in the Postal Service's ability to provide this customer access to negotiated rates. However, the Postal Service and the customer have been unable to reach an agreement on a new contract in time to file it with the Commission more than 15 days prior to the expiration date.

Nevertheless, the Postal Service and the customer expect to sign the new contract within the next two weeks and file it with the Commission thereafter. Because of the timing of the regulatory process, there will be a window between the expiration of the existing contract in this docket and the effective date of the new contract, while the Commission completes its review. Thus, the customer continues to face the prospect of an interruption in its access to negotiated rates as a result of the processes that it must participate in when it does business with the Postal Service, rather than with one of the Postal Service's competitors.

To avoid this result, the Postal Service respectfully requests that the Commission grant an additional forty-five (45) day extension to allow the existing contract to remain in effect until such time as the Commission is able to complete its review of the new agreement. Thus, the proposed extension would only last for a finite and relatively short period of time. In conclusion, for the reasons discussed above, and in consideration of the customers' business continuity, the Postal Service hereby moves for temporary relief to allow the existing contract to remain on the competitive products list for forty-five additional days.

Respectfully submitted,

UNITED STATES POSTAL SERVICE
